What is MTECH?

Mountainland Technical College is a state-funded school where students benefit from a low-cost education. They receive hands-on training in labs and classrooms. Some programs offer real world experience on an externship or in clinicals. Students can build their resume while preparing for their future in a promising career.

87%

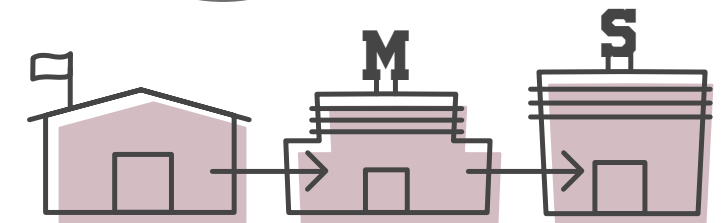

Student job placement.

87%

Program completion rate.

99%

of MTECH students graduate with no educational debt.

Credit Transfer Opportunities

After you have completed your MTECH program you have the opportunity to transfer to a local college or university to continue your education. Your completed MTECH certificate will allow you to receive college credit at participating institutions. To learn more about which programs apply please visit <https://mtec.edu/articulation-agreements/> or contact MTECH's Articulation Coordinator at ashtyn.draper@mtec.edu.

* Accelerated program available. See mtec.edu for more info.

** Individual courses available. See mtec.edu for more info.

▲ Indicates an adult only program.

All info subject to change. \$40 one-time registration fee included. See mtec.edu for more info.
